Product Series-professional,
high efficiency and providing comprehensive
plan and all-round service.

History

In 1951, XGMA was founded;

In 1964, the first loader of China was manufactured successfully in XGMA.

MOTOR GRADER

XG3200C

Brief Introduction

Xiamen XGMA Machinery Co.,Ltd(XGMA),founded in 1951 and the producer of the first Chinese loader, is one of the most competitive Chinese enterprises in the area of construction machinery manufacturing.

Peace Maker

The cooperation between XGMA and the PLA can be traced back to 1972. They've kept good relationships for several generations.

Now XGMA products are preferred equipments of PLA General Armament Department and General Logistics Department, which accompanied our PLA Engineering Corps to join the United Nations peacekeeping force in Cambodia and Congo. It is the only designated equipment of PLA Hong Kong Garrison and foreign aid equipments to Zimbabwe etc.

Production

XGMA producing ability one year:

40,000 units Wheel loaders

15,000 units Excavators

5,000 units Road Machines

10,000 units Forklifts

Serve the World
